His repertoire includes original comedy, cowboy-style rope spinning, sword-swallowing, amazing yoyo tricks, magic with a refreshing twist, top-spinning, whip cracking, optical illusions and a bespoke gyroscope that can safely propel through the audience.

TESTIMONIALS

"This is just a short note to thank you for the amazing performance you displayed in front of our clients. It was vital to me that this was "the perfect day", as the 100 or so people who we invited were extremely important to our business. This is why I attended a previous function that you did, to make sure you were the right person for the job!

I have attended hundreds of functions in my forty years of real estate, and I must admit that no-one has ever impressed both me and our whole audience like you did. I had many texts and emails about how much attendees liked your show. One lady said "that Martin just made me feel so happy" ... what else can you do?

Firstly, you are so easy to get along with and that is probably because you are very confident of the quality of your work. I have seen comedians, magicians and other talented people who seem to be very capable with a bagful of implements. However, I never thought I would meet someone who excelled in all three, as you did.

Your attention to detail and professionalism was incredible but then again, anyone who was an Olympian as you were, definitely knows how to commit to the job at hand. It was entertaining when a couple of people in the audience had a question for you in the middle of your performance, and your answers to them were so quick and witty; I was actually hoping others joined in! Martin, I will definitely be using you again."

He is a perfect blend of comedy and engaging stunts! I would highly recommend Martin as an excellent entertainer for any corporate event."
